## Missed Call Report and Management Panel – Home Page

The screenshot displays the WebXion dashboard interface. At the top, there is a navigation bar with the WebXion logo and user information. Below this is a menu with options: Dashboard, Report, Manage Activity, Manage SenderID, and Manage Template. The main content area is titled 'Dashboard' and features a large green card for 'Active Activity' showing a count of '1' with a 'View' link. Below the card are two charts: 'Activity Chart' and 'Geo Chart'. The Activity Chart is a bar chart titled 'Date wise activity total hits' for the number '08030636262', showing a single bar for '22-Jun-2015' with a value of 1. The Geo Chart is a map of India with a legend for 'Total Hits' showing a value of 1.

Activate Windows

Click here to **DOWNLOAD** Missed Call Logs in EXCEL

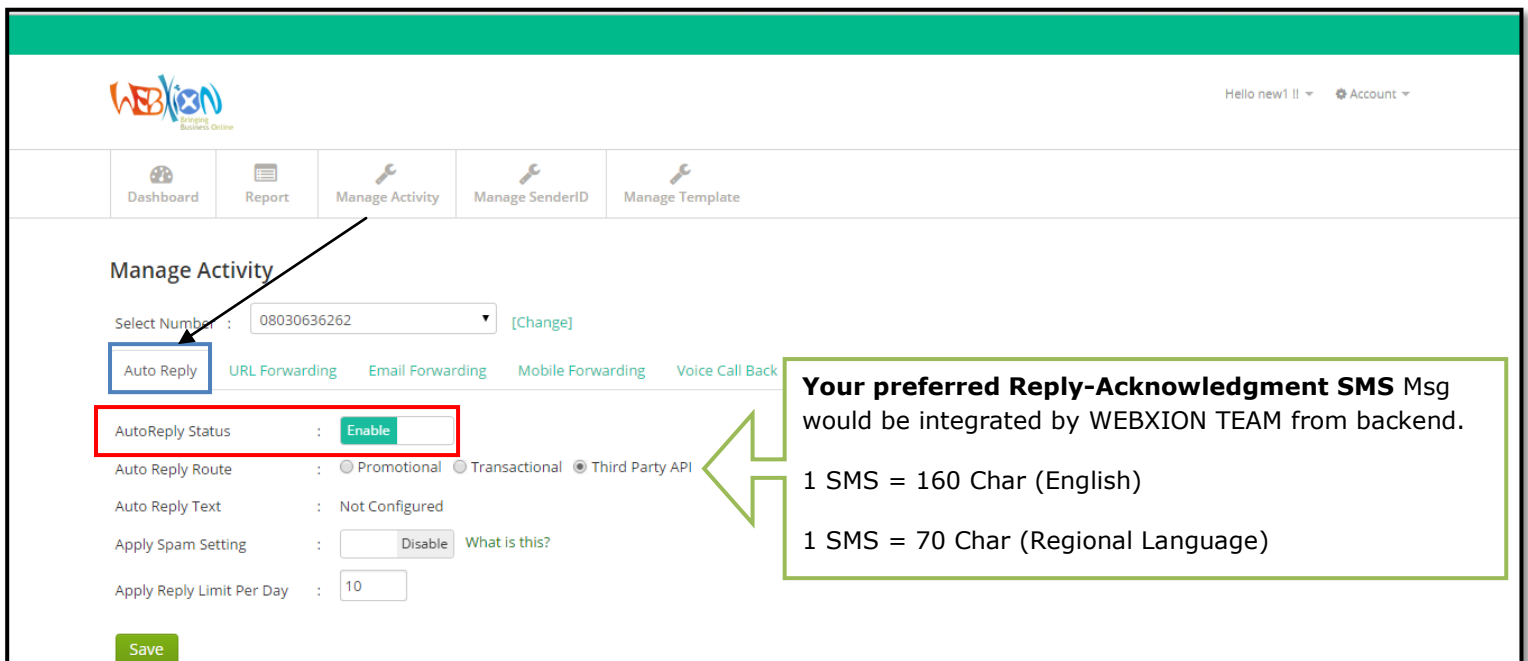

**Click on **Settings** in **Manage Activity** Tab for Advance Features**

**Within **Manage Activity** -> **Settings****

**For Auto-reply SMS, Select **Auto-Reply Status** as Enable**

For URL Forwarding, Click on **URL Forwarding**

Manage Activity

Select Number : 08030636262 [Change]

Auto Reply URL Forwarding Email Forwarding Mobile Forwarding Voice Call Back Activity Setting

URL Forwarding : **Enable**

URL Post Page : http://yourmessageapi.com/smsandler.php?who=%who&Channe

Tips you can use :-  
URL with query string and parameter with any name in your API. Just keep in mind %who represents mobile number and %channel represents ChannelID as should not be changed in parameter value.  
We are appending two examples to make you more clear on this subject.  
E.g : http://yourmessageapi.com/smsandler.php?who=%who&ChannelID=%channel&Circle=%circle&Operator=%operator&DateTime=%time;

<http://yourmessageapi.com/smsandler.php?who=%who&ChannelID=%channel&Circle=%circle&Operator=%operator&DateTime=%time;>

To Receive Email Alerts Click on **Email Forwarding**

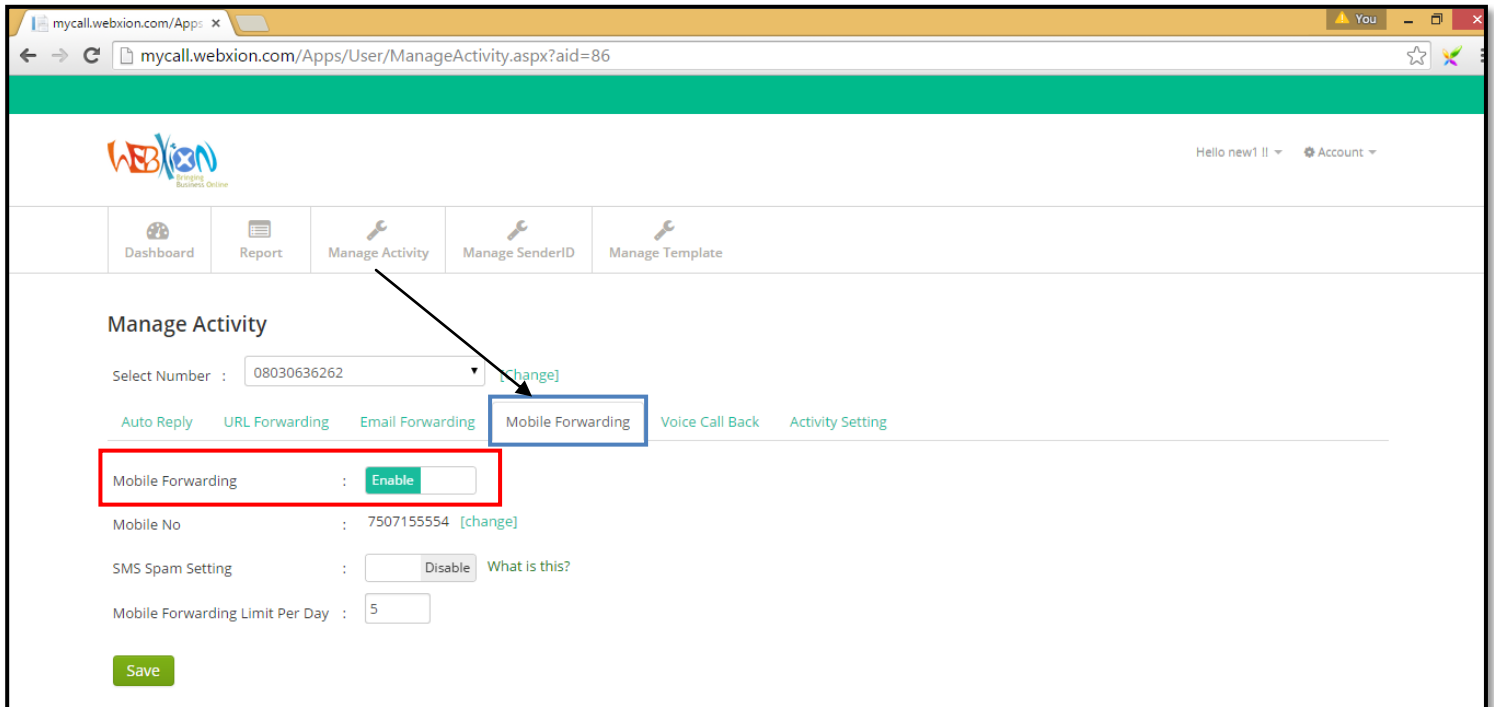

The screenshot displays the 'Manage Activity' page in the WebXion dashboard. At the top, there is a navigation bar with icons for Dashboard, Report, Manage Activity, Manage SenderID, and Manage Template. The 'Manage Activity' section is active, showing a 'Select Number' dropdown set to '08030636262' with a '[Change]' link. Below this are tabs for 'Auto Reply', 'URL Forwarding', 'Email Forwarding', 'Mobile Forwarding', 'Voice Call Back', and 'Activity Setting'. The 'Email Forwarding' tab is selected and highlighted with a blue border. A red box highlights the 'Email Forwarding' label and the 'Enable' toggle switch. Other settings include 'Email ID' (sales@webxion.com), 'Email Spam Setting' (Disable), and 'Email Forwarding Limit Per Day' (5). A green 'Save' button is located at the bottom left.

To Receive alert on Your Mobile, Click on **Mobile Forwarding**

(To forward missed call alert on personal number – SMS Credits to be purchased additionally)

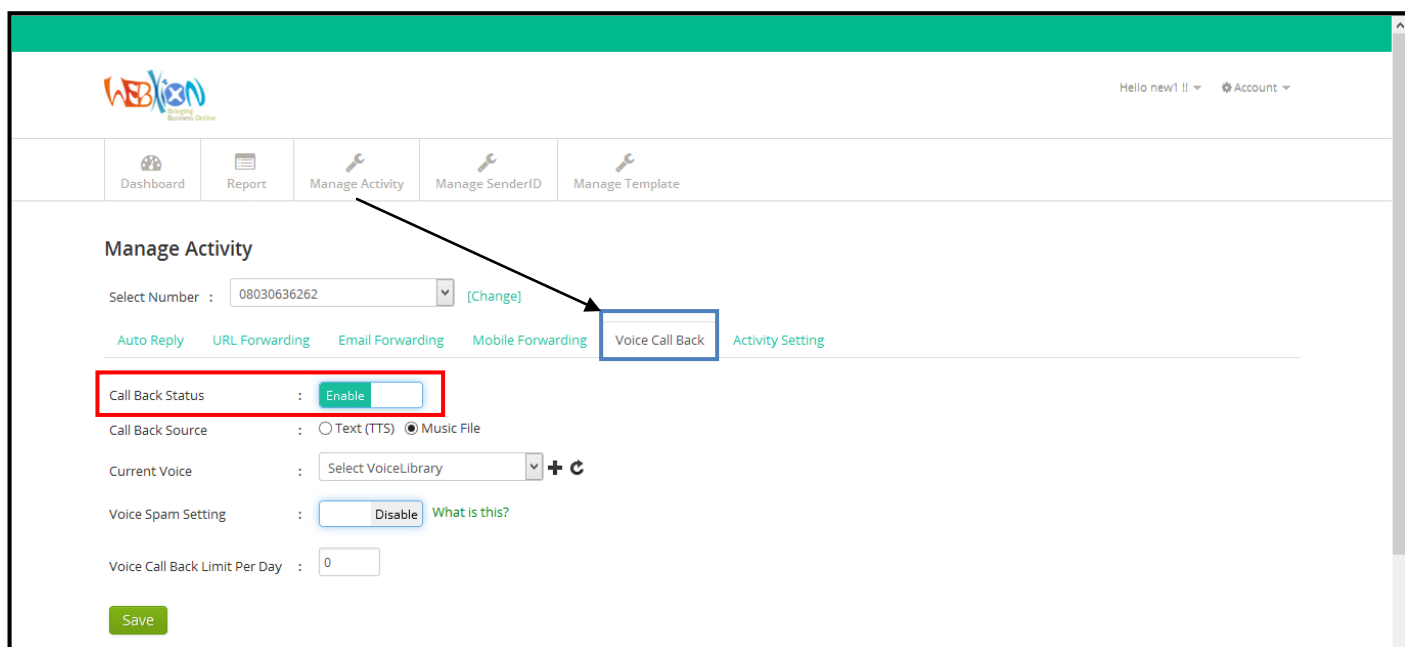

To Receive alert on Your Mobile, Click on **Voice Call Back**

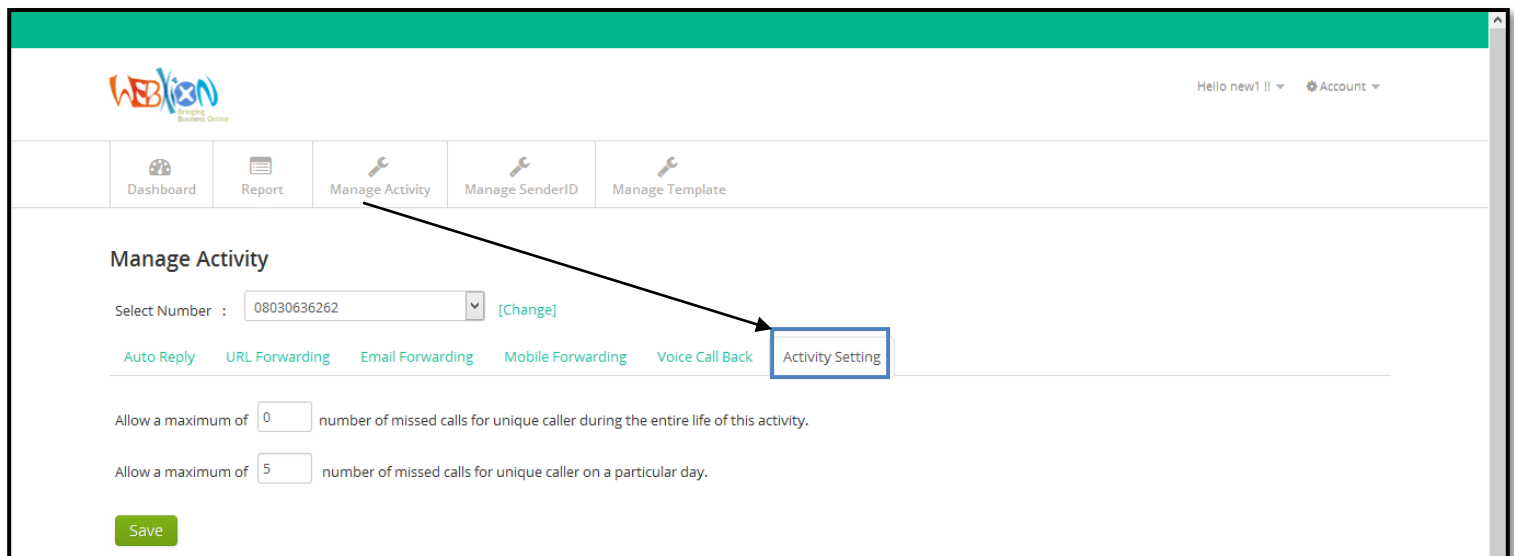

(To send Voice Call Msg – Voice Credits to be purchased additionally)

To Receive alert on Your Mobile, Click on **Mange Activity**

This option is meant to limit repeated missed call from same number
